EDUCATION

Web Developer Certification (With Honors GPA: 3.9) — *SAIT Polytechnic*   January 2020 — July 2020
Calgary, Alberta, Canada

Web Development Certification — *Mount Royal University*   January 2018 — May 2018
Calgary, Alberta, Canada

Chemical Laboratory Technologies Diploma — *SAIT Polytechnic*   September 2007 — June 2010
Calgary, Alberta, Canada

RELEVANT EXPERIENCE

Self — *Freelance Developer*   July 2020 — Present
Calgary, Alberta, Canada

- **Business Website Sky Electric**
  Technologies: HTML5, CSS3, JavaScript, Netlify, Git
  Summary: Developed a business website for an electrical contracting business, using responsive design practices.
  Live: https://www.skyelectric.ca/ | **Code**: https://github.com/JulesRuby/skyelectric

- **Personal Website**
  Technologies: HTML5, CSS3, JavaScript, Netlify, Git, SVG
  Summary: Designed and developed a personal website to showcase some of my projects and portfolio. As well as have some fun experimenting with CSS to infuse it with modern retro / synthwave appearance. Implemented client side form validation via JavaScript.
  Live: https://jrmuri.dev/ | **Code**: https://github.com/JulesRuby/jr-muri-website-simple

Calefy — *Student Developer*   May 2020 — July 2020
Calgary, Alberta, Canada

Major Achievement: Developed and implemented dynamic grouped slider inputs. A component reusable throughout the form builder software, coded to lock before exceeding threshold, and prevent submission of any input not meeting the expected totals.

- Leveraged React, Informed, and Material UI in the development of custom, reusable JavaScript components, expanding the scope of options in the dynamic form builder application
- Collaborated in live component usability testing and evaluation from marketing team to confirm integration of developed components

PROJECTS

- **Reely Movie Nominations**
  Technologies: Vue, Vuex, HTML5, CSS3, JavaScript, Netlify, Git
  Live: https://sad-morse-2b9e87.netlify.app | **Code**: https://github.com/JulesRuby/turgid-watermelon

- **Jekyll Music Blog Mockup**
  Technologies: Ruby, Jekyll, Liquid, HTML5, CSS3, Netlify, Git
  Live: https://jekyll-music-blog-mock.netlify.app | **Code**: https://github.com/JulesRuby/jekyll-assignment

- **Custom Gallery Website**
  Technologies: HTML5, CSS3, JavaScript, Node.js, Express, EJS, MongoDB, Heroku, Git
  Live: https://mongoose-ejs-gallery.herokuapp.com/ | **Code**: https://github.com/JulesRuby/mongoosee-ejs-gallery
